Banana

Botanical Name: Musa

Family: Bananas

Part Used: Fruit

Harvesting Season: June to September,

Packaging & Labeling: As per buyer's requirement

We are an Indian Exporters and Suppliers of organic and premium quality raw and ripe banana to various countries. We can supply them in different grades, sizes and packings as required by our customers. Banana is an important fruit crop in many tropical and subtropical regions of India. It is cultivated in India in an area of 830.5 thousand ha and total production is around 29,779.91 thousand tonnes. Main banana growing states are Tamil Nadu, Maharashtra, Gujarat, Andhra Pradesh and Karnataka.

Green plantains are distinguished by their age. They are simply the younger immature stage of the fruit. Their peel is thick and they have a very firm and starchy textured lean-flavored flesh due to their very low sugar content. As plantains ripen, they develop a sweet taste and their color changes from green to yellow to black.

Our fresh bananas are highly acclaimed by our clients for the splendid taste and flavour. In addition, we also offer best deal for wholesale banana at the most genuine rates.

Pomegranate

Botanical Name: Punica Granatum

Family: Punicaceae

Part Used: Fruit

Harvesting Season: May & June

Packaging & Labelling: As per buyer's requirement

Pomegranate is an important crop in India. It is called as Wonder Fruit because of its excellent health benefits. Pomegranate fruit is popular because of refreshing winey flavor of its juicy seeds known as arils. It is a round berry and has a thick skin on the outside and a lot of inner seeds surrounded by a juicy pulp. Its colour ranges from dark red to yellowish green. Its taste is bittersweet. We supply fresh pomegranate on a year round basis through inclusive network of our associate farmers. In order to meet various demands of our esteemed clients, we are engaged in providing an optimum quality array of Natural Pomegranate Fruit.

The pomegranate is a fruit-bearing deciduous shrub in the family Lythraceae, subfamily Punicoideae, that grows between 5 and 10 m tall. The fruit is typically in season in the Northern Hemisphere from September to February, and in the Southern Hemisphere from March to May.

We have indeed excelled in with the GAP(Good Agricultural Practices) by employing disease free and quality plant material of improved cultivars, adoption of high planting density, integrated nutrient and water management, timely control of pests and diseases by adopting IPM practices.

One pomegranate contains about 40 percent of daily requirement of vitamin C. Fresh Sweet Pomegranate seeds owe their super food status to polyphenols, powerful antioxidants thought to offer heart health and anti-cancer benefits. In fact, pomegranate seeds have more antioxidant power than cranberry juice or green tea. In Unopened pomegranates can last up to many months if placed in the refrigerator

Grapes

Botanical Name: Vitis Vinifera

Family: dicotyledonous Flowering Plants

Part Used: Fruits

Harvesting Seasons: Jan To Oct

Packaging & Labelling: As per buyer's requirement

We are one of the leading suppliers and traders of fresh Grapes all over the world. Our fresh grapes are available in wide variety in order to satisfy the global demands. Nashik district is the largest grapes producing area in India, its perfect climatic conditions promote to grow grapes which are high in sweetness, nutritional value, freshness, colours and sizes. To protect them from any damage we pack them in corrugated boxes, plastic crates, and nets bags. These fresh grapes are tested on various parameters like moisture content and freshness before reaching the customers. Our grapes are mostly used in making of the jam, jelly, vinegar, drugs, wine, raisins etc

Like other fruits and vegetables, grapes are a good source of fiber and water. Antioxidants and other nutrients in grapes may make them particularly healthful, although more research is needed to confirm some of their benefits. We deal in 100% Fresh Grapes which is a rich source of vitamin A, potassium, zinc, iron, magnesium, fiber, protein etc. Our company has worked hard to establish an efficient distribution network. Therefore, buyers can order the product in mass and expect on time delivery.
